

## Content of Add a Hyperlink to an Excel Spreadsheet.js ( Site 1 )

```
var objexcel = new ActiveXObject("excel.application");
objexcel.visible = true;

var objworkbook = objexcel.workbooks.add;
var objworksheet = objworkbook.worksheets(1);

objworksheet.cells(1, 1) = "script center";

var objrange = objexcel.range("a1");
var objlink = objworksheet.hyperlinks.add
(objrange, "http://www.microsoft.com/technet/scriptcenter");
```
