Content of Bind to a Specific Disk Drive.vbs (Site 1)

' Description: Demonstration script that uses the FileSystemObject to return available disk space on a specific disk drive. Script must be run on the local computer.

```
Set objFSO = CreateObject("Scripting.FileSystemObject")
Set objDrive = objFSO.GetDrive("C:")
Wscript.Echo "Available space: " & objDrive.AvailableSpace
```

```
Set objFSO = CreateObject("Scripting.FileSystemObject")
Set objDrive = objFSO.GetDrive("C:")
Wscript.Echo "Available space: " & objDrive.AvailableSpace
```
