

Content of Delete an Authorized Application.vbs (Site 1)

' Description: Deletes Freecell.exe from the list of authorized applications in the Windows Firewall current profile.

```
Set objFirewall = CreateObject("HNetCfg.FwMgr")
Set objPolicy = objFirewall.LocalPolicy.CurrentProfile
Set colApplications = objPolicy.AuthorizedApplications
errReturn = colApplications.Remove("c:\windows\system32\freecell.exe")
```
