

Content of Enable Disk Quotas on the Local Computer.vbs (Site 1)

' Description: Enables disk quotas for drive C on the local computer. To enable disk quotas for a different drive, change C:\ in line two to the appropriate drive letter (for example, D:\). To disable disk quotas, set the

```
Const ENABLE_QUOTAS = 2
```

```
Set colDiskQuotas = CreateObject("Microsoft.DiskQuota.1")  
colDiskQuotas.Initialize "C:\", True  
colDiskQuotas.QuotaState = ENABLE_QUOTAS
```
