

Content of Modify Print Job Start Time.vbs (Site 1)

' Description: Uses ADSI to change the start time for all print jobs larger than 400K to 2:00 AM.

```
Set objPrinter = GetObject("WinNT://atl-dc-02/ArtDepartmentPrinter,printqueue")
```

```
For Each objPrintQueue in objPrinter.PrintJobs  
  If objPrintQueue.Size > 400000 Then  
    objPrintQueue.Put "StartTime" , TimeValue("2:00:00 AM")  
    objPrintQueue.SetInfo  
  End If  
Next
```
