

Content of Modify an NNTP Service Metabase Property Using ADSI.vbs (Site 1)

' Description: Demonstration script that modifies an NNTP service property (MaxConnections) in the IIS metabase.

```
strComputer = "localhost"
```

```
Set objIIS = GetObject("IIS://" & strComputer & "/NNTPSVC")  
objIIS.MaxConnections = 5000  
objIIS.SetInfo
```
